Signature Wall Decor

A Luxury Product From ProStone

PRO LUMINE

stone - light - luxury

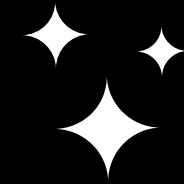

In a world where design is constantly evolving, **Pro Lumine** emerges as a bold expression of innovation, elegance, and imagination. We are proud to introduce a groundbreaking portfolio of light-integrated decor products that transcend conventional boundaries.

Pro Lumine sets a new standard in architectural and interior aesthetics. Our designs are not only visually stunning, but purposefully engineered to harmonize light and material – Turning surfaces into experiences, and structures into statements. Each piece in this collection embodies our commitment to futuristic thinking and flawless craftsmanship. Whether in residential, commercial, or hospitality environments, **Pro Lumine** products elevate everyday spaces into immersive environments of ambiance and sophistication.

This portfolio is more than a catalogue — it is a vision. A vision where light is the new luxury, and where stone becomes luminous. Welcome to **Pro Lumine – Stone · Light · Luxury.**

Little Brief

WHO WE ARE...

Infini-x TechnoGraphic Lab

Estd. In 2008

We begin our journey in 1998, with the creative field of graphic designing, Then in 2008 we took our skills and experience to the next level and introduced fully facilitated graphic and 3D model designing lab, as **“Infini-x Technographic Lab”**, Where we facilitate creative & innovative need for almost every Industries,

We used to have In house color proofing and color profiling setups. (from X-rite USA and ColorGATE Germany)

TosscoTech Ind.

Estd. In 20012

After well recognition in creative designing field, we founded **“Tosscotech Industries”**.

At Tosscotech Industries we produce cnc crafted 3D aluminum Matrix, Rubber Molded MS die mould for ceramic and other industries, We do 3D cnc wood crafting, 2D, 2.5D and 3D scanning of any material.

We used to have in house 3axis cnc, vmc, 2D & 3D scanning setups. (We can craft up to 1.2 x 2.4 mtr. and scan up to 2 x 4 mtr. We have biggest scanning facility available in India.)

Estd. In 2019

At **“ProStone”** we emerged through passion to make eco friendly engineered stone products, with an inspirational natural textures and authentic color palettes,

To empower architectures and creators need to add elegance to their projects, and create more meaningful environments and experiences.

Estd. In 2021

After gaining reputed recognition and notable success of ProStone products in Indian architectural and construction market,

We were motivated to research for the possibility and requirement of technically advanced and innovative products for the modern age construction industries,

As a result **“PRO-TECT”** construction chemicals came in to existence, we are glade to introduce the complete range of technically advanced and innovative products for construction industries.

Estd. In 2022

We have launched **“Ventiiilo”**, an architectural ventilation blocks, which suits the needs of modern architectural & construction industries.

Ventiiilo blocks innovatively bridge the living spaces with the nature, to create high aesthetic living spaces and make them breezy and alive.

It especially used in townhouses, villas, farm-houses, gardens, hotels, resorts, coffee shops, decorative walls etc. to make them appealing, naturally breathable and light radiance spaces.
